I hereby declare that I am the owner and occupant of the property described above, and that I have not held a permit for the complete wiring of a residence in the last 12 months. I am not preparing the premises for sale or rent. I agree to perform all the work to the requirements of the current Canadian Electrical Code and Saskatchewan Amendments. I accept full responsibility for the safety and proper functioning of the installation and acknowledge that any defects, if found by an inspector, will require correction before the wiring is granted final approval. Single-family dwelling means a detached house that is intended for the use of one family and that, at the time of application for a permit, is not intended for resale.

It is unlawful for any person outside the permit holder's immediate family to undertake any part of the work of the installation to which this permit applies.
