

COMMERCIAL LIGHTING INCENTIVE

YOU'VE GOT THE POWER TO SAVE

Looking to significantly lower your lighting costs and save money on your power bill? We can help.

Lighting costs account for roughly 40 per cent of a business' power bill each year. Our Commercial Lighting Incentive provides discounts on premium, energy-efficient lighting and will save you money on your power bill.

Eligibility

- Your business operates in Saskatchewan
- Your business purchases lighting and electrical equipment through an electrical contractor
- The equipment you are buying must be on the Qualified Product list which can be found at saskpower.com/savebusiness under Commercial Lighting Incentive

Benefits

- Save money on your power bills
- Enhanced productivity and improved customer experience as a result of improved lighting
- Reduced maintenance costs. New efficient lighting requires less maintenance
- Using less electricity makes you a more environmentally conscious business

How To Participate

Are you an electrical and lighting distributor, electrical contractor or a business looking to upgrade your lighting?

Find out the different ways to take part in this program at saskpower.com/savebusiness under Commercial Lighting Incentive.

Learn more at saskpower.com/savebusiness or email DSMCommercialPrograms@saskpower.com

What You Will Receive

- Upgraded lighting at a discounted price
- Discounts apply to select premium, energy-efficient lighting options

Commercial Lighting Incentive Program - Qualified Products List
Effective: January 23, 2017

The Commercial Lighting Incentive (CLI) Program provides businesses in Saskatchewan with the opportunity to receive financial incentives when purchasing qualified energy efficient lighting products through participating distributors.

General Requirements: 1. All occupancy sensors, fixtures, lamps, retrofit kits, and luminaires must be CSA/ULC approved
 2. Incentive will be capped at 50% of the equipment cost

Projects - Must Be Retrofit (No New Construction Products)

ID Retrofit/ NC	Measure Short Name	Measure Description	Specs/Eligibility Criteria	Incentive to End-users
Occupancy Controls for Retrofit Projects				
ECM050211/ ECM05012	Occupancy sensor, switch-plate or fixture-mounted	Switch-plate or fixture-mounted occupancy sensor	- Sensors with "manual on override" are not eligible (i.e. automatic off cannot be disabled)	\$18.00
ECM050221/ ECM05022	Occupancy sensor, ceiling or wall-mounted	Ceiling or wall-mounted occupancy sensor	- Sensors with "manual on override" are not eligible (i.e. automatic off cannot be disabled)	\$27.00
Light Emitting Diode (LED) Lamps and Fixtures for Retrofit Projects				
ECM05331/ ECM05332	LED 1x4 Troffer or Retrofit Kit, 20-50 W	LED 1x4 troffer or retrofit kit with wattage equal to 20 W, up to and including 50 W	Troffer requirements: On DLC Qualified Products List: - Category: Indoor Luminaire - Troffer - Primary Use: 1x4 Luminaires for Ambient Lighting of Interior Commercial Spaces Retrofit kit requirements: On DLC Qualified Product List: - Category: Indoor Retrofit Kit - Troffer - Primary Use: Retrofit Kits for 1x4 Luminaires for Ambient Lighting of Interior Commercial Spaces (Integrated Fixture only) General requirement: - Luminaire rated at 20-50 W	\$30.00
ECM05341/ ECM05342	LED 2x2 Troffer or Retrofit Kit, 20-50 W	LED 2x2 troffer or retrofit kit with wattage equal to 20 W, up to and including 50 W	Troffer requirements: On DLC Qualified Products List: - Category: Indoor - Troffer - Primary Use: 2x2 Luminaires for Ambient Lighting of Interior Commercial Spaces Retrofit kit requirements: On DLC Qualified Products List: - Category: Indoor Retrofit Kit -Troffer - Primary use: Retrofit Kits for 2x2 Luminaires for Ambient Lighting of Interior Commercial Spaces (Integrated Fixture only) General Requirement: - Luminaire rated at 20-50 W	\$30.00
ECM05351/ ECM05352	LED 2x4 Troffer or Retrofit Kit, 35-80 W	LED 2x4 troffer or retrofit kit with wattage equal to 35 W, up to and including 80 W	Troffer requirements: On DLC Qualified Products List: - Category: Indoor - Troffer - Primary Use: 2x4 Luminaires for Ambient Lighting of Interior Commercial Spaces Retrofit kit requirements: On DLC Qualified Products List: - Category: Indoor Retrofit Kit - Troffer - Primary use: Retrofit Kits for 2x4 Luminaires for Ambient Lighting of Interior Commercial Spaces (Integrated Fixture only) General Requirement: - Luminaire rated at 35-80 W	\$35.00
ECM05361/ ECM05362	LED Linear Ambient Luminaire, 20-50 W	LED linear ambient luminaire with wattage equal to 20 W, up to and including 50 W	On DLC Qualified Products List: - Category: Indoor - Linear Ambient Luminaire - Primary Use: Direct Linear Ambient Luminaires or Linear Ambient Luminaires with Indirect component - Luminaire rated at 20-50 W	\$27.50
ECM05371/ ECM05372	LED Linear Ambient Luminaire, >50-100 W	LED linear ambient luminaire with wattage greater than 50 W, up to and including 100 W	On DLC Qualified Products List: - Category: Indoor - Linear Ambient Luminaire - Primary Use: Direct Linear Ambient Luminaires or Linear Ambient Luminaires with Indirect component - CSA/ULC approved - Luminaire rated at >50-100 W	\$40.00
ECM05381/ ECM05382	LED Low Bay Luminaire, 50-100 W	LED low bay luminaire with wattage equal to 50 W, up to and including 100 W	On DLC Qualified Products List: - Category: Indoor Luminaires - High Bay - Primary Use: Low Bay Luminaires for Commercial and Industrial Buildings (greater than or equal to 5,000 Lumens to <10,000 Lumens) - Luminaire rated at 50-100 W	\$44.00
ECM05391/ ECM05392	LED Low Bay Luminaire, >100-150 W	LED low bay luminaire with wattage greater than 100 W, up to and including 150 W	On DLC Qualified Products List: - Category: Indoor Luminaires - High Bay - Primary Use: Low Bay Luminaires for Commercial and Industrial Buildings (greater than or equal to 5,000 Lumens to <10,000 Lumens) - Luminaire rated at >100-150 W	\$56.00
ECM05111/ ECM05112	LED High Bay Luminaire, < 200 W	LED high bay luminaire, with wattage less than and equal to 200 W	On DLC Qualified Products List: - Category: Indoor Luminaires - High Bay - Primary Use: High Bay Luminaires for Commercial and Industrial Buildings or High Bay Aisle Luminaires (greater than or equal to 10,000 Lumens) - Luminaire rated up to and including 200W	\$70.00
ECM05141/ ECM05142	LED High Bay Luminaire, >200-250 W	LED high bay luminaire, with wattage greater than 200 W, up to and including 250 W	On DLC Qualified Products List: - Category: Indoor Luminaires - High Bay - Primary Use: High Bay Luminaires for Commercial and Industrial Buildings or High Bay Aisle Luminaires (greater than or equal to 10,000 Lumens) - Luminaire rated at >200 - 250 W	\$82.00
ECM05151/ ECM05152	LED High Bay Luminaire, >250-300 W	LED high bay luminaire, with wattage greater than 250 W, up to and including 300 W	On DLC Qualified Products List: - Category: Indoor Luminaires - High Bay - Primary Use: High Bay Luminaires for Commercial and Industrial Buildings or High Bay Aisle Luminaires (greater than or equal to 10,000 Lumens) - Luminaire rated at >250 - 300 W	\$100.00

Commercial Lighting Incentive Program - Qualified Products List

The Commercial Lighting Incentive (CLI) Program provides businesses in Saskatchewan with the opportunity to receive financial incentives when purchasing qualified energy efficient lighting products through participating distributors.

- General Requirements:** 1. All occupancy sensors, fixtures, lamps, retrofit kits, and luminaires must be CSA/ULC approved
2. Incentive will be capped at 50% of the equipment cost

Light Emitting Diode (LED) Lamps and Fixtures for Retrofit Projects (continued)

ECM09181 / ECM09182	LED Wall Pack Luminaire, <30 W	LED outdoor wall-mounted area luminaire, with wattage less than 30 W	On DLC Qualified Products List: - Category: Outdoor Luminaires - Low, Medium, High Output - Primary Use: Outdoor Non-Cutoff and Semi-Cutoff Wall-mounted Area Luminaires - Luminaire rated at <30 W	\$39.00
ECM09051 / ECM09052	LED Wall Pack Luminaire, 30-60 W	LED outdoor wall-mounted area luminaire, with wattage equal to 30 W, up to and including 60 W	On DLC Qualified Products List: - Category: Outdoor Luminaires - Low, Medium, High Output - Primary Use: Outdoor Non-Cutoff and Semi-Cutoff Wall-mounted Area Luminaires - Luminaire rated at 30-60 W	\$49.00
ECM09061 / ECM09062	LED Wall Pack Luminaire, >60-120 W	LED outdoor wall-mounted area luminaire, with wattage greater than 60 W, up to and including 120 W	On DLC Qualified Products List: - Category: Outdoor Luminaires - Low, Medium, High Output - Primary Use: Outdoor Non-Cutoff and Semi-Cutoff Wall-mounted Area Luminaires - Luminaire rated at >60-120 W	\$74.00
ECM09081 / ECM09082	LED Shoe Box Luminaire, up to 120 W	LED outdoor pole/arm-mounted area lighting luminaire, with wattage up to and including 120 W	On DLC Qualified Products List: - Category: Outdoor Luminaires - Low, Medium, High Output - Primary Use: Outdoor Pole/ Arm-Mounted Area and Roadway Luminaires - CSA/ULC approved - Luminaire rated at up to and including 120 W	\$42.00
ECM09091 / ECM09092	LED Shoe Box Luminaire, >120-250 W	LED outdoor pole/arm-mounted area lighting luminaire, with wattage greater than 120 W, up to and including 250 W	On DLC Qualified Products List: - Category: Outdoor Luminaires - Low, Medium, High Output - Primary Use: Outdoor Pole/ Arm-Mounted Area and Roadway Luminaires - Luminaire rated at >120-250 W	\$100.00
ECM09111 / ECM09112	LED Shoe Box Luminaire, >250-400 W	LED outdoor pole/arm-mounted area lighting luminaire, with wattage greater than 250 W, up to and including 400 W	On DLC Qualified Products List: - Category: Outdoor Luminaires - Low, Medium, High Output - Primary Use: Outdoor Pole/ Arm-Mounted Area and Roadway Luminaires - Luminaire rated at >250-400 W	\$180.00
ECM09121 / ECM09122	LED Shoe Box Luminaire, >400-600 W	LED outdoor pole/arm-mounted area lighting luminaire, with wattage greater than 400 W, up to and including 600 W	On DLC Qualified Products List: - Category: Outdoor Luminaires - Low, Medium, High Output - Primary Use: Outdoor Pole/ Arm-Mounted Area and Roadway Luminaires - Luminaire rated at >400-600 W	\$200.00
ECM09161 / ECM09162	LED Parking Garage Luminaire, up to 70 W	LED parking garage luminaire, with wattage up to and including 70 W	On DLC Qualified Products List: - Category: Outdoor Luminaires - Low, Medium, High Output - Primary Use: Parking Garage Luminaire - Luminaire rated at up to and including 70 W	\$68.00
ECM09171 / ECM09172	LED Parking Garage Luminaire, >70-120 W	LED parking garage luminaire, with wattage greater than 70 W, up to and including 120 W	On DLC Qualified Products List: - Category: Outdoor Luminaires - Low, Medium, High Output - Primary Use: Parking Garage Luminaire - Luminaire rated at >70-120 W	\$100.00
ECM09311 / ECM09312	LED Fuel Pump Canopy Luminaire, up to and including 100 W	LED fuel pump canopy luminaire, with wattage up to and including 100 W	On DLC Qualified Products List: - Category: Outdoor Luminaires - Low, Medium, High Output - Primary Use: Fuel Pump Canopy Luminaires - Luminaire rated at up to and including 100 W	\$65.00
ECM09321 / ECM09322	LED Fuel Pump Canopy Luminaire, >100 W - 250 W	LED fuel pump canopy luminaire, with wattage greater than 100 W up to and including 250 W	On DLC Qualified Products List: - Category: Outdoor Luminaires - Low, Medium, High Output - Primary Use: Fuel Pump Canopy Luminaires - Luminaire rated at >100-250 W	\$105.00
ECM09402	LED Flood Light, >250 - 350W	LED flood light, with wattage greater than 250 W up to and including 350 W	On DLC Qualified Products List: - Category: Outdoor Luminaires - High Output - Primary Use: Architectural Flood and Spot Luminaires - Luminaire rated at >250-350 W	\$150.00
Photocell for Retrofit & New Construction Projects				
ECM16021 / ECM16022	Photocell sensor and timer	Photocell sensor and timer	- Must be integral to fixture.	\$4.50
