

DEMAND RESPONSE PROGRAM

When the demand for power's high, we rely on this program to help us meet the need. We'll pay large industrial customers to lower or shift their power use.

Eligibility

- Be a large industrial customer
- Have consistent load characteristics
- Be able to reduce your power load by 5 megawatts (MW) from a single location

How to Join

- You must meet the criteria in the chart below
- We'll work with you to make sure you're right for the program
